

**State of California
AIR RESOURCES BOARD**

EXECUTIVE ORDER VR-104-K

Relating to Certification of Vapor Recovery Systems

**CNI Manufacturing, Inc.
CNI Manufacturing Phase I Vapor Recovery System**

WHEREAS, the California Air Resources Board (CARB) has established, pursuant to California Health and Safety Code Sections 25290.1.2, 39600, 39601 and 41954, certification procedures for systems designed for the control of gasoline vapor emissions during the filling of underground gasoline storage tanks (Phase I system), in its Certification Procedure for Vapor Recovery Systems at Gasoline Dispensing Facilities (CP-201) as last amended June 4, 2019, incorporated by reference in Title 17, California Code of Regulations, Section 94011;

WHEREAS, CARB has established, pursuant to California Health and Safety Code Sections 39600, 39601, 39607, and 41954, test procedures for determining the compliance of Phase I EVR systems with emission standards;

WHEREAS, CNI Manufacturing Inc. requested and was granted certification of the CNI Manufacturing Phase I Vapor Recovery System (CNI Manufacturing system) pursuant to CP-201 on September 26, 2003, by Executive Order VR-104-A, and last modified on June 3, 2019, by Executive Order VR-104-J;

WHEREAS, the certification of the Husky Model 5885 P/V vent valve expires on June 3, 2020;

WHEREAS, Husky has implemented modifications in response to failures found by CARB staff;

WHEREAS, CP-201 provides that the CARB Executive Officer shall issue an Executive Order if he or she determines that the vapor recovery system, including modifications, conforms to all of the applicable requirements set forth in CP-201;

WHEREAS, Executive Order G-01-032 delegates to the Chief of the Monitoring and Laboratory Division the authority to certify or approve modifications to certified Phase I and Phase II vapor recovery systems for gasoline dispensing facilities (GDF); and

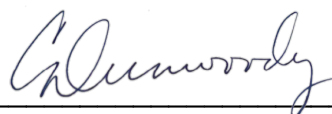

WHEREAS, I, Catherine Dunwoody, Chief of the Monitoring and Laboratory Division, finds no failures of the Husky Model 5885 PV vent valve with the modifications implemented by Husky;

NOW THEREFORE, IT IS HEREBY ORDERED that with exception of the June 3, 2020, expiration date for the Husky Model 5885 PV vent valve, all terms and conditions of Executive Order VR-104-J including the CARB Approved Installation, Operation, and Maintenance Manual shall remain in effect with the issuance of this Executive Order.

IT IS FURTHER ORDERED that the certification of the CNI Manufacturing System including the Husky Model 5885 P/V vent valve shall remain valid through May 31, 2021.

IT IS FURTHER ORDERED that Executive Order VR-104-J issued on June 3, 2019, is hereby superseded by this Executive Order. CNI Manufacturing Systems certified under Executive Order VR-104-A to J may remain in use at existing installations up to four years after the expiration date of this Executive Order when the certification is not renewed. This Executive Order shall apply to new installations or major modification of existing Phase I systems.

Executed at Sacramento, California, this 3rd day of June 2020.

Catherine Dunwoody, Chief
Monitoring and Laboratory Division
